

International Call for WNYLE's National Representatives

The World Network of Young Leaders and Entrepreneurs (WNYLE), is an international organization aimed at providing technical assistance and capacity building on innovative youth entrepreneurship and leadership. WNYLE is headquartered in Geneva, Switzerland and holds an Executive Board made by fifteen top professionals from fifteen countries and a highly competitive pool of National Representatives from fifty countries. WNYLE's technical cooperation activities are concentrated in Africa, Latin America and the Caribbean, East of Europe and Least Developed Countries (LDCs). Developed countries are also considered since the low level of entrepreneurship is also a constraint experienced by OECD economies (Global Entrepreneurship Monitor Report, 2006). Due to the expansion of WNYLE's cooperation programmes, we have started the identification and selection of talented top-young professionals/entrepreneurs to join WNYLE as National Representatives.

As **WNYLE's National Representative** you are entitled to represent WNYLE in your home country, benefit from WNYLE activities (workshops, training programmes, the WNYLE Annual Meeting, the World Conference of Young Leaders and Entrepreneurs, etc), plus the privilege to access a unique network of leading young professionals and entrepreneurs globally. Due to fact that the WNYLE National Representative status does not imply a specific workload, selected WNYLE's National Representatives may continue performing their current duties. Prospective candidates should gather a strong motivation to contribute to a positive change in the world (essential), promising professional/entrepreneurial capabilities and solid leadership skills.

Should you be interested in applying, kindly send us your latest CV highlighting your most outstanding achievements in a maximum of three pages, bio-notes (10 lines maximum), a formal colour photo passport size and a letter of motivation mentioning two referees to Ms. Rafaela Salvadori, WNYLE's National Representatives Coordinator, e-mail address: rafaela.salvadori@wnyle.org

We look forward to hear from talented candidate's worldwide eager to add-value to WNYLE's journey in fostering a new generation of young leaders and entrepreneurs equipped with solid principles and integrity! For a better world!

Víctor Pérez
Executive Director
